LIGHTING FOR AIRPORT UNDER CONSIDERATION

Robert L. Campbell, chief aid of Capt. M. B. Doolin, head of the Federal Aviation office in San Francisco, yesterday visited the Nevada City airport on top of Cement Hill, and expressed the greatest satisfaction in the appearance of this field.

He stated that the Department of Commerce is seriously considering lighting up the airport. He said that he believed it would be only a short time before east and west mail and passenger planes will be routed over this airport, since their present route over Emigrant Gap in stormy weather is a very hazardous crossing. Further east the conditions average much better.

Mr. Campbell stated that he expected the money to be forthcoming for covering the two runways with crushed rock and oil.

George Calanan accompanied Mr. Campbell on his tour of inspection. Mr. Campbell called to pay his respects to R. J. Bennetts, former mayor, to whose efforts the creation of Nevada City's airport is largely due.

Motor Truck Lines Contend For Nevada County Business

At the hearing inaugurated yesterday in the Elks club building in Grass Valley before State Railroad Commissioner M. C. Harris, to determine which of two applicants for a truck franchise can best serve the interests of Nevada county, testimony was first heard from those who favor a franchise from the Pacific Motor Trucking company, a subsidiary of the Southern Pacific.

Of vital importance to Grass Valley and Nevada City is the fact, that whether The Pacific Motor Truck Service, or its rival, the United Motor Transport company, obtains the franchise, the prospect is that both cities will be much served in the future as to their needs in the transportation of merchandise than is now the case.

The first witness called was L. B. Young, vice president of the Pacific Motor Truck company, which proposes to serve this county through a subsidiary line known as the Nevada Pacific Transportation Agency.

Mr. Young testified regarding the territory to be served and the time schedule to be followed. He stated that merchants ordering goods in the afternoon from Sacramento or San Francisco Bay points would receive them the next morning by truck, by 9 o'clock in Loomis and around noon in Grass Valley and Nevada City.

He stated that the same schedule of rates as now obtains would be followed, but that there would be a store pick-up and delivery service by truck. He proposed that the trucks would discharge their freight at the two depots and from there the local truckmen would be employed to make deliveries to assignees.

Counsel for United Motor Transport company endeavored to show that for the past twelve years the merchants of Nevada county have needed this pick-up and delivery truck service, but that until now, when an independent truck line has applied for a franchise, the Southern Pacific has never bestirred itself to obtain a franchise for its subsidiary truck line.

Hal Remington, head of the San Francisco Chamber of Commerce traffic department, testified that inquiry among shippers of San Francisco revealed the fact that they preferred to see Pacific Motor Truck company obtain the franchise. Edwin G. Wilcox, occupying a similar post for the Cakland chamber, gave testimony along the same line. The fact of speedy responsible service, which bay region merchants have received from this company in intercourse with many other California cities, had much influence in forming the opinion of shippers, the traffic men stated.

Merchants from Rocklyn, Loomis and Newcastle testified that they preferred to deal with the Southern Pacific, for the reason that this company maintains stations and station agents in their respective communities and they do not wish to see the Southern Pacific suffer from the competition of independent truck lines.

Witnesses to give this testimony were John Sherpak, of Rocklyn, Jesse F. Noio, of Newcastle, and Albert Law, of Loomis.

Today the hearing will be continued and it is expected that the United Transport company will have its turn to place its witnesses on the stand to testify in its favor. Officials of this independent truck line in their application have promised a freight schedule of rates nearly 50 per cent cheaper than those now effect jointly between the Southern Pacific and Narrow Gauge railways. The United Transport company operates now from Bay points to Auburn. It also operates a line of trucks from San Francisco and Sacramento to Reno.

Attorneys Lynne Kelly and Brookman appeared for the Pacific Motor Truck company and Attorneys E. H. Armstrong and Arthur Roehl, the latter from San Francisco, represented the United Motor Transport company.

New Year Holds Big Promise Of Prosperity

That the New Year, launched Tuesday holds a promise of increasing prosperity, is the opinion of mining, business and professional men and women, as evidenced by the short interviews that follow.

Sometimes this year it is quite within the realm of probability that men with sufficient capital will become interested in the Champion group of mines. When that happens Nevada City will take another long step forward, comparable in importance to the taking over of the Murchie mine by the Newmont company. Engineers are agreed that the potentialities of the Champion group are today unsurpassed in California.

The Champion group is only one of a large number of opportunities for mining development that the New Year presents. There are a score of others that relatively promise as well.

With the increasing activity in mining, all other industries must keep pace. Whatever the New Deal and the New Year holds in store is bound to advance the interests of Nevada county. Pessimists cannot halt the return of prosperity any more than optimists hampered the dread march of the depression. Economic forces in which gold is a major factor will inevitably carry gold mining districts on the very crest of "good times." Gold is the world's sine qua non. All values are measured in gold. Silver of course is the major measurement in some parts of the world, but even there, at the boundaries of these areas, gold measures the silver.

Here are the views of Nevada City folks regarding the promise of the New Year:

E. M. Rector, head of the Nevada City branch of the Bank of America—"Conditions at the present time in these mining communities are brighter than they have ever been for many years. Local retail business has shown a tendency to increase. There is every reason to believe that Nevada City will see the most prosperous year that this city has seen in some time."

A. M. Holmes, coroner and undertaker—"I can see nothing but prosperity for this district in the coming new year."

George Calanan, city clerk—"The immediate future looks very rosy for mining industry and business."

Charles Leiter, Nevada City Garage—"Expressions of the new Year celebrations all over the country and locally indicate times must be better for the coming year 1935."

W. E. Wright, District Attorney—"The conditions for 1935 look much more encouraging than did those for 1934."

D. C. Billick, assayer—"From the steady increase in my business during the past year, I look for substantial gains especially in gold mining, during this coming year, but the end of this depression is not yet in sight."

Clifford Merriam, Carveth Insurance Agency—"The future out look is very favorable. Conditions during the past year have improved and from all indications there will be an even greater improvement this year."

E. J. N. Ott, assayer—"This coming year will see more mining men in this community looking for mines than ever before. Two or three of the largest successful mining companies in the west are in the field at present time. If properties being examined now, come up to expectations, there is no doubt that we will have some large companies in this district this year."

W. H. Daniels, New York Life Insurance Company—"1935 gives every indication of being a good year. 1934 for me and my business was considerably better than the previous year."

Louis Kopp, Kopp's Bakery—"Look forward to a very prosperous year."

George O'Neill, plumbing shop—"Better than ever."

Scheemer and Langman, Plaza Grocery—"Believe 1935 will be as good as 1934 or better."

O. D. Woodman, realtor ,who is always boosting—"Most prosperous year—opening that Nevada City has seen for ages."

Will Hupp, mining negineer—"Outlook is very good and hope those holding gold properties will give utside capital a chance. Investors want time to develop and get into operation."

C. E. Bosworth, furniture dealer—"Mining and business will be far better in the coming year than in the past."

J. J. Jackson, Grocer—"The coming year 1935 looks good."

Mrs. Ed Rose, Rose Fashion Shop—"If 1935 is as much better as 1934 was over 1933, I could not ask for anything better."

R. E. Harris, Harris' Drug Store—"Business is quite satisfactory and hope it will be more so, however, in the outcome we will take whatever we get."

A. Jacobs, Boston Mercantile Co.—"The holiday rush was more than I expected for the size of the city and territory. It looks very good for 1935."

Gove C. Celio, Plaza Garage—"The year 1935 can't be anything but better. Revived interest in mining is bringing in payrolls."

Ainsworth's barber and beauty shop—Mrs. Ainsworth—"It will be the best year of my life." Mr. Ainsworth—"Everything is perfect."

John Darke, upholsterer—"My aim is to make this a bigger and better Nevada City for the year 1935."

F. F. Cassidy, manager, Alpha Hardware Store—"I think we will see increased mining activity in the immediate vicinity of Nevada and Sierra counties. It will bring additional prosperity to this section. Hope during the year to see hydraulic mining on the way to resumption."

Thomas Oliver, constable—"I think the outlook for Nevada City is better than it has been in some time."

A. V. Sauvee, Union Ice Delivery—"From present indications, 1935 will be better than 1934."

Ed C. Jacobs, superintendent Empress mine—"Nothing but prosperity."

W. W. Waggoner, mining engineer—"1935 will be biggest years of mining in Nevada county in the last 60 years."

Judge George L. Jones, attorney—

SHERIFF ELECT CARL TOBIASSEN SELECTS DEPUTIES

Sheriff Elect, Carl J. Tobiassen, today makes known the persons whom he has selected to be deputies and whom he will appoint when he takes office on January 7. Mr. Wm. D. Woods, of Grass Valley, will be appointed under-Sheriff. Mr. Wood has lived in Nevada county all his life and is thoroughly familar with the people and the geography of the county.

Mr. Carl T. Larsen, of Nevada City will be a deputy sheriff. Mr Larsen formerly worked with the Forest Service and for some years operated the Plaza Super Service Station. Mr. Larsen will do some special work on criminal investigation for the sheriff's department.

Mr. John T. Curry, of Nevada City, will be a special deputy and will be assigned especially to this locality.

Mr. Tom Doley, of Truckee, who is the present deputy will be appointed again for that district.

Other deputies, including a finger print expert, will be selected and appointed later.

Mr. Tobiassen, who takes office on January seventh, says that he plans and will put forth every effort to give the people of this county "An Administration of Service," available to them at all times.

LEASERS REVEAL HIGH VALUES IN NORTHERN GOLD

In an interview today with Arthur W. Hoge, the President of the Great Northern Gold Mines, Inc., he states that their financial arrangement for further development of their large group of properties is progressing very satisfactorily and that within a period of from thirty to sixty days they expect to have their plans of development well under way for a much larger operation than has ever been carried on herttofore.

He says that the leasers, who have a lease agreement for a portion of the property, are doing well and that the operations will show a substantial profit over and above all expenses for the months of November and December, 1934.

The value of the ore produced by the leasers during the months of November and December, averaged in excess of $100.00 per ton and there is still quite a substantial amount of ore to be milled. Also good progress is being made in the opening up and development of new ore bodies.

It is the general consensus of opinion among our best known engineers and operators that this group of properties is one of the outstanding mines of the camp and that when their plans are carried out, as per the arrangements that are being made, that this company will have one of the largest and best operations in the camp.

The averag value of the ore produced up to date has been in excess of the average production of the camp as a whole and it is a well known fact that there are numerous virgin ore bodies that have as yet not been opened up and developed.

FORMER CAMPTONVILLE MINE OPERATOR DEAD

Camptonville, Jan. 3.—Cornelius T. Driscoll, who resided with his sister at Warm Springs, near San Jose, was killed last week when a car in which he was riding met in collision with the O. K. Bakery truck from Oakland.

Driscoll was a man or middle age, a farmer by occupation, and prominent in the affairs of his community, and was much respected as an honest, law abiding citizen. He was quite well known in this section, having been one of the principal owners of Snowden Hill mine. He has been here on business at the mine many times, and acquired a number of local friends who regret to learn of his sudden and untimely death.

ELIMINATE GRADE CROSSINGS

A special committee report to the recent annual meeting of the National Association of Railroad and Utilities Commissioners, strongly recommends that the Federal government include grade-crossing elimination in its public works program during the coming year.

The Committee backs up its recommendation with statistics which are extraordinarily impressive. Of the 237,000 grade-crossings now existing in the country, but 30,800 are protected by gates, watchmen or audible or visible warning signals. Last year accidents at these crossings accounted for 1,511 deaths and 3,697 serious injuries. During the first six months of the current year 706 were killed and 2,023 injured.

The Committee likewise points out that the states simply haven't the money for crossing elimination—nor have the railroads. These two agencies, in the past, have done some good work in getting rid of crossings, but it has been necessarily limited.

Grade-crossing elimination, entirely aside from the safety question, would be about as desirable a form of relief construction as could be imagined. A great percentage of the money spent goes to labor, both on the job and in factories supplying necessary materials and supplies. Further, the need for crossing elimination is greatest in congested centers—and it is there that unemployment is also greatest.

The Committee has made a fine recommendation, which will doubtless receive a large measure of public approval.

CONFIDENCE COMES BACK

The most potent force for recovery is confidence—confidence on the part of industry, property owners, investors. By the same token, lack of such confidence creates and perpetuates depression.

The San Francisco Call-Bulletin recently observed there are now some ten billion dollars ready to be loaned to business for improvement and expansion—when there is sufficient confidence to justify the risk. The money is now in the banks, but bankers would obviously be unfaithful to their trust if they loaned money without feeling strongly that they can do so in safety.

There are now signs that confidence is returning—that problems are being ironed out, that industrial leaders and public officials are reaching a common ground. If that is true, it will be a blessing for all the people.

The Nugget on its front page today carries the opinion of a great many business and professional men and women regarding the outlook of 1935. Editorially our forecast is—"More gold will bring more prosperity."

The Games They Play

The P. T. A. and kindred organizations have inaugurated a campaign for the purpose of "Taking Murder out of the Nursery." They wish to replace toys and games suggestive of violence and crime with those which symbolize Constructive Effort, Cooperation and Good Citizenship.

The children were playing a war game,
And there on the field of strife,
Many a little tin soldier
Had paid for the fun with his life.

Young faces were flushed and eager;
Eyes with excitement were bright,
Hands were busy with playthings
Suggestive of sorrow and blight.

Toy guns were manned with precision,
Little tin soldiers were slain,
And visions of death and destruction
Were etched on each child's plastic brain.

At length when the warfare had ended
In a tumul of strife and of noise,
"Play something else," shouted Mildred,
And, "I'll tell you what," cried the boys.

And while we berated the gangsters
With scorn for their deeds of shame,
Up in the nursery, mothers,
Our children were playing a game.

Jerry had kidnapped the baby,
And Robert the reckless and bold,
Was pointing toy guns at his playmates
And yelling, "hey, gimme yer gold!"

Now what if these early impressions—
These habits of thought and of play,
Should cling to our promising youngsters,
To menace and darken life's way?
—A. Memmiam Conner.

FARM PRODUCE IN 1934 VALUED AT 434 MILLIONS

SAN FRANCISCO, Jan. 3.—With California farm income for 1934 up $31,000,000 over 1933 and with the index of farm commodity prices showing a consistent uptrend, the outlook for agricultural real estate values in 1935 is exceedingly favorable, according to E. D. Woodruff, president of California Lands, Inc.

"It is authoriatively estimated," said Woodruff, "that the farm value of California crops and livestock in 1934 was approximately $434,000,000. This is not a theoretical, or statistical index figure. It represents about an 8 per cent increase in the cash return to the farmer for his products as compared to his return for 1933.

"The farm value of the state's fruit and nut crops last year was about $135,000,000, a gain of 5½ per cent over 1933. Income from field crops increased almost 12 per cent over 1933 and more than 45 per cent over 1932. Vegetables brought their producers a 1934 income about 10 per cent higher than in 1933.

Have You Heard ?

BY

Katie Lewis

FRENCH CORRAL, Jan. 4.—Have you heard that on November 28, 1934, all vacant, unreserved and unappropriated public lands in 12 western states were temporarily withdrawn from settlement, location, sale, or entry by an executive order issued by President Roosevelt?

In announcing the order, Secretary Ickes said he expected the withdrawal would not be necessary for more than six months. He explained its purpose "is to effectuate the principal aims" of the Taylor Grazing Act to conserve grazing lands of the West. The public lands affected are in Arizona, California, Colorado, Idaho, Montana, Nevada, New Mexico, North Dakota, South Dakota, Oregon, Utah and Wyoming.

The Taylor Act is intended to prevent injury to the public domain through over-grazing and soil deterioration and to provide for the orderly use, improvement and development of the land for stabilization of the livestock industry dependent for forage upon the public range.

Under the Taylor Act only 80,000,000 acres of a total of 173,000,000 acres of public lands are placed under the jurisdiction of the Interior Department. The executive order signed by the President was seen as the first step toward asking Congress to give the department regulatory powers over all unappropriated public land.

Public lands withdrawn will be classified according to land use and their withdrawal from entry may mean the end of homesteading as it is now known since officials of the Federal Land Office have said that little public lands remain which are suitable for homesteading.

The withdrawal order came after a series of conferences between the secretary, F. R. Carpenter, recently appointed director of grazing and other officials of the Interior Department. Prior to the Washington conference a series of meetings with stockmen was held at various points in the West.

Withdrawal of all public lands will be folowed by cassification and then by the creation of grazing districts with the users of the pubic domain in various sections being given wide latitude in the administration of the act particularly as its affects problems perculiar to various regions.

My father used to trot us kids on his knee and sing a homesteader's lament to the tune of "Irish Washerwoman."

"My name is Frank Bolar, 'nole bachlor I am,
I'm keepin' ole batch on an elegant plan.
You'll find me out West in the County of Lane
A-starvin' to death on a government claim.

My house, it is built of the national soil.
The walls are erected accordin' to Hoyle.
The roof has no pitch but is level and plain
And I always get wet when it happens to rain.

NEVADA COUNTY SPENDS $16.70 PER CAPITA

OS ANGELES, Jan. 7.—Nevada nty spent $16.70 for each man, nan, and child in the county ing the fiscal year 1932-33, ac ding to a study tracing county lar recently completed by Cali ia Taxpayers' Association. Of $16.70 pent by the county, 77 went for general government interet payments, $7.27 for pro ive and charitable services, and 66 for highways.

Pointing out that all county ex ditures fall into two classes, se for direct current services ich the government renders to the ple of the community, and those overhead, payments of interest borrowed money and the cost of partments, such as the tax collec which do not render any direct vice to the individual, but are ne the less necessary, L. D. Gif d, director of research of the as ciation, said.

"In general, the taxpayer gets the st return for his money when the oportion of expense for general vernment and interest on past endings is small and that for di ct current services is high. The minimum overhead expenditure of .95 per capita occurred in Santa ara county; only seven other coun s fell below $3.50."

The study shows a definite trend ward high expenditures for over ead in counties with small popu tion, particularly among the coun ies with less than 10,000 inhabi ants. There is no very definite end in the expenditures for direct ervices to the public, the variation etween counties being so great as suggest the possibility of much mprovement in the administration f these functions. Expenditures or highways were segregated in the tudy, because county highways, par icularly in the smaller counties, are inanced largely from state funds, each county getting a minimum state allotiment of $20,000 per year.

"Much has already been done to ward greater efficiency and economy under existing laws and traditions, but bolder action than this is need ed," Mr. Gifford concluded. "The whole distribution of functions be tween state, counties, cities, and districts will doubtless have to be readjusted before maximum economy and efficiency under modern con ditions can be attained."

CITY ROAD WORK WILL SOON BE STARTED

Things are moving along in Nevada City and civic projects have a good start for the New Year. The airport will be completed by January 10, and then the street work will be taken care of. At the regular meeting of the city council last night, plans were considered for the work on Nimrod street and for widening the Downieville highway at the end of the city limits. The cut on Sacramento street, near Al Seaman's shop, is to be change so that the vision will be clear and thus take away the traffic hazard there.

FIREMEN HAPPY OVER MASQUE BALL RETURNS

The local Firemen are a happy bunch of boys to start off 1935. The success of their 28th annual masquerade ball at Armory hall, passed their highest expectations. It is estimated that there were at least five hundred couples dancing at one time. Maskers and spectators entered into the spirit of the occasion and everyone had a wonderful ttime. Hal Davis and his dancers entertained with tap dancing and other numbers which were greatly enjoyed.

The old year was bid goodbye and the New Year welcomed with more than the usual gay demonstration. Confetti, all sorts of noise makers and the gay spirit of the merry throng certainly sent old 1934 on its way with a merry boost.

The President Garfield orchestra of Grass Valley, furnished the dance music and Art Renfree's broadcasting made the announcements.

OLD TIME RESIDENT VISITS NEVADA CITY AFTER 49 YEARS AWAY

P. H. Brown, who lived in Nevada City many years ago, is in Nevada City making his first visit in forty-nine years. Mr. Brown is at the National Hotel. He came up just to renew old acquaintances and old memories. Mr. Brown came up with Dave Hutchins, son of Mr. and Mrs. James Hutchins, of Nevada Street. He is in the coal business in West Virginia and states that the coal miners are working eight hours a day for five days a week with a wage of $6.50 per day.

AIRPORT COMPLETED BY JANUARY 10TH.

Work at the airport will be completed on January 10 and the machinery will be moved. Between fourteen and fifteen thousand dollars have been expended by the city and the Federal government on the project.

EARNINGS BANK OF AMERICA, 1934 ARE 11 MILLIONS

SAN FRANCISCO, Jan 2.—Earnings of $11,443,000 for the year 1934 were reported today by Bank of America N. T. & S. A., and its associated state bank, the Bank of America (California). For the latter half of the year, earnings amounted to $6,229,000 or more than a million dollars a month.

Commenting on the year-end statement, A. P. Giannini, chairman of the board and president, said, "The state of California has had an exceptionally good year, and its prosperity is reflected in the report of Bank of America, with total deposits of $977,696,000 as of December 31.

"The increase in farm value of crops and the gain in business activity in this state is marked by one of the largest increases in individual and corporation savings and commercial deposits ever recorded by our bank. These deposits showed a gain of $136,646,000 during 1934, out of a total deposit increase of $171,644,000 for th eyear.

"It is also indicative of the effect of the government's financial program, and of the accumulation of tax money in larger amounts than in recent years, that there was a large increase in public funds on deposit with us. With branches in 225 California cities and towns, Bank of America serves as an acttive banker for virtually all government agencies and political subdivisions in this state."

THE BOSS MINE, AT SAN JUAN, CLOSES

The Boss mine, west of San Juan, which is owned by Fred Bradley and operated under the superintendency of C. J. Lyster, will be closed in about ten days. Nearly all the men have already been laid off, as notice was posted on January 1. About fifteen men have been employed there. Fred Bradley was at the mine on New Year's day and it is assumed that the final decision to close was made on that day.

BYRON EASTMAN OPENS OFFICE

Byron Eastman, of Nevada City, and Howard Ward, of Grass Valley, mining engineers of many years' experience here, have opened the mining engineering firm of Ward & Eastman in Grass Valley. The partners have applied for gold buying and gold smelting licenses, and are equipping the office with data on mining properties of this area.

FORMER NEVADA CO. BANKER VISITS HERE

Mr. Jake Weissbein, of San Francisco, and old time resident of Nevada county, is at the National Hotel. About twenty-five or thirty years ago Mr. Weissbein was in the banking business in Grass Valley. He sold his banking business to the Rector brothers of the then Nevada County Bank. He also at one time owned and operated the W. Y. O. D. mining property, now belonging to the Newmont company. Mr. Weissbein is seventy-nine years old and hale and hearty.

You're The Loser

WHEN you allow *Headache, Neuralgia, Muscular, Rheumatic, Sciatic* or *Periodic Pains* to keep you from work or pleasure.

You can't go places and do things when you are suffering—and the work or good times won't wait for you.

Why allow Pain to rob you of Health, Friends, Happiness, Money?

DR. MILES ANTI-PAIN PILLS have been used for the relief of pain for more than forty years. They taste good, act quickly, do not upset the stomach, nor cause constipation, leave no dull, depressed feeling.

Thousands have used them for twenty, thirty, forty years, and still find that nothing else relieves pain so promptly and effectively.

Why don't you try them? Once you know how pleasant they are to take, how quickly and effectively they relieve, you won't want to go back to disagreeable, slow acting medicines.

You too may find quick relief. Why wait forty minutes for relief when Dr. Miles Anti-Pain Pills will relieve you in ten to twenty minutes?

I have been using Dr. Miles Anti-Pain Pills for thirty years. No matter what kind of pain I have, they stop it almost instantly. Never without them in the house. Mrs. Chas. W. Webb, Indio, Calif.

As a household remedy I have never found anything that equalled Dr. Miles Anti-Pain Pills. Mrs. Silas D. Keller, Penfield Pa.

I never found anything that was so good to stop pain as Dr Miles Anti-Pain Pills. I have told many about them and I find they are all using them. Mrs. Martha Lacy, Davenport, Iowa

I have been using Dr. Miles Anti-Pain Pills for years. I keep them on hand all the time. I can certainly recommend them for pain. Miss Audra Seybold, 2417 W. 2nd St., Dayton, Ohio

Your Anti-Pain Pills have been a wonderful help to me. I have used them for three years and always keep them on hand. Mrs. E. Pierce, Lapwai, Idaho

I have used quite a lot of Dr. Miles Anti-Pain Pills. They are fine pills to stop pain. Mrs. J. L. Kester, Shickshinny, Pa.

NEW YEAR HOLDS BIG HOPE OF PROSPERITY

(Continued from Page One)

"Things generally have a better appearance practically along all lines."

H. E. Bolton, Variety Store—"Outlook is good."

Dave Richards, Keystone Meat Market—"Things look pretty good to me."

Mrs. Jennie Preston, Preston News Stand—"1935 looks better. The subscription list has increased."

Bowman and Bowman, barbers, hairdressers—"Business looks better than it did."

Mrs. Tennant, Betty Jean Shop—"Things will be better and more prosperous, although we don't complain of 1934."

J. F. Coley, confectioner—"Hoping strong."

Dr. C. W. Chapman, dentist—"Everything will go fine as long as the money holds out."

Mrs. Wyant, Shamrock Cafe—"1935 is going to be much better."

U. S. N. Johnson, Bret Harte Dairy, "Looking forward is always brighter."

Andrew Larsen, barber—"1935 is going to be good."

Curtis Clark, garage man—"Business is better than it has been in a long time."

Forest Risley, cleaner—"I feel 1935 holds promise."

Arthur W. Hoge, Great Nothern Gold Mines, Co., Ltd.—"In refrence to the New Year so far as the community is concerned, the outlook is good for continued prosperit, and has soon as the President and his inbrain trust advisors realize the fact that every known depression in the past has been overcome through private initiative and private industry instead of by the government borrowing on the future, the sooner the depression will be over. The need of private industry today is confidence in our government and just as soon as this confidence is restored whereby private capital can feel that they are going to get a square deal, you will see the wheels of industry moving at a much more rapid pace and in consequence thereof, all of those who desire to work will have plenty of employment."

Fred E. Conner, Manager of Nevada County Lumber Company—"First, our observation for the new year finds plenty of hard work for everyone. Our city and adjoining territory will not find conditions improving nor developing, without the exercise of community coopera tion. Our mines represent, if not entirely the main industry of our section; the management of our greater mines, have not sat idly by waiting for "something to turn up" but have gone down for gold with improved processes. California today is facing and is already into a year known as (California Gold Year) which will naturally attract world wide attention, since our state has been advertising such a program for many, many months, the world over. Nevada City is getting upon her toes from a civic standpoint and will, for years to come in our estimation, find inducement for such activity.

H. E. McKee, attorney—"We are outside the current, in an eddy, watching the swirl of angry rapids."

George Carter, sheriff—"The year 1935 looks good. I expect to see a big increase in population in Nevada City. The housing shortage is holding back growth at this time."

R. N. McCormack, county clerk—"Nevada City, Grass Valley and the surrounding territory look alright in fact better than in the last 20 years."

Raglan Tuttle, superior judge—"From a goverenmental standpoint Nevada county can well be satisfied with the achievements of the past year. Taxes on real estate have been reduced some forty per cent. With the return of utility property to our tax rolls in 1935, another substantial reduction should follow. We have had practically no mortgage foreclosures. The county has no bonded indebtedness. We look forward with confidence to the record of the New Year with its assurance of prosperity and happiness for all our citizens.

Sam Clark, county recorder—"Looks OK to me."

Frank Steel, treasurer—"I think 1935 will be a little better than 1934."

Carl Tobiassen, sheriff-elect—"The new year looks very bright for this county."

Dr. J. R. Bell, dentist—"1935 looks good. There is optimism on every side."

C. E. Clinch, business man—"We have a very bright future, and are just on the eve of a great mining boom."

W. Kotchapaw, feed store—"My business is normal and it looks like a good year for Nevada County."

When interviewed yesterday, Rev. H. H. Buckner stated Rev. Bales of the First Presbyterian church in Los Angeles, in a talk over the radio, stated that Amy Semple McPherson had given her version of 1935; Dr. Von Klineschmidt, president of the University of Soutiern California, and Mae West, had each given their versions, but all he could say was—"There is an optomstic spirit in the United States today, but our problems are far from solved."

D. W. Henry, Safeway Stores—"I hope 1935 is going to be better than 1934 and feel that t will."

C. E. Parson, Gllette Nursery—"With the better times of 1935 ahead of us I think we should plan to make our good city an even better, more beautiful place to live in. The Federal Housng Survey indicates that many improvement are contemplated by individuals. The Christmas tree erected in the Plaza this year suggests the idea of a living tree there. This is a busy traffic center and it might be well to erect a traffic sign there also. I think all the citizens should cooperate with the city council in all their plans for civic improvement in 1935. We plan to cooperate in a material way by giving trees and shrubbery to help beautify the swimming pool park. The swimming pool and airport are very concrete things that show the council and citizens can and do do big things for this city.

With appreciation of the great value of mining interests here I think that we should endeavor to make this city so fine and beautiful that many people will make this their home just because it is so beautiful, regardless of whether the mining business is big or little."

Rev. Charles Washburn, Episcopal minister—"I believe 1935 will see a real beginning in the upward trend of economic life. It will bring a real diminution of the ranks of organized crime. I also look for a strengtheing of the ties between the great English speaking peoples hastened of course, by the abrogation of the Washington Naval Treaty on the part of Japan."

THARP PLEADS CASE IN APPELLATE COURT

Robert Tharp, attorney, on Wednesday appeared before the Third Appellate court in Sacramento, representing the defendants and appellants M. J. Brock et al, in the case entitled Slye vs Brock et al. This case, on appeal from the Superior Court of this county, involves the construction of a contract under which Brock and other made a conditional of their mining property to Slye. The appeal is in the form of a complaint for a declaratory judgment. Wright & Tharp are attorneys for the appellants.

Mr. and Mrs. Bev Barron returned recently from Orland where they spent the holidays with Mrs. Barron's parents.

N. C. FIRE CHIEF EXPRESSES HIS APPRECIATION

In appreciation of the cooperation of the work of his committee, the merchants who donated, and to all those who helped in any way, and to those who attended the Firemen's Ball, Fire Chief Emil J. N. Ott, has written this letter.

Nevada City, Calif.,
Jan. 1, 1935.

To the Nevada City Nugget and the Morning Union I wish to express our sincere thanks for the publicity which they gave the 28th Annual Benefit Masquerade Ball. This 28th ball had one of the largest, if not the largest number of people we have ever had present—with at least five hundred couples dancing, the large Armory hall being packed to capacity.

The dancing and singing by Hal Davis and his group of young people was greatly enjoyed, and showed that the instruction is up to date. He, himself, gave a fine exhibition in the art of tap dancing.

Music by S. S. President Garfield's orchestra, was of the finest, and the dancers were sorry when the hour of two came as about 300 couples still remained to the last minute when the orchestra played "Home Sweet Home."

To the business people for their generous donation of gifts, to the masqueraders winning prizes we also extend a vote of thanks.

To Mr. Art Remple, who so ably made the announcements over the magnifier and whose jolly good spirit added to the good humor of the occasion, I wish to extend my thanks.

To my committee, who were so untiring in helping me, I wish to extend my heartfelt thanks. Without reservations I give them all the credit for making this, our 28th annual ball, such a financial and social success. Anyone who ever has had such a grand affair knows that it is no small job and that it is only with the whole souled cooperation of the entire committee that it can be successfully put over.

A list of all the paid donations will appear in the paper in a few days, also a financial statement of the amount of money coming and the amount paid out. At this time I can only say that the financial returns passed our greatest expectations.

Again I wish to thank the people of Nevada City and Grass Valley, and those who came from elsewhere, for their attendance and to extend to them best wishes for a Happy and Prosperous New Year.

Most sincerely,
EMIL J. N. OTT
Chief, N. C. F. Department.

Note

Please send in your bills promptly, also any donations due so that a financial report may be made within the next few days. Several lost articles may be had by calling at the Union office in Nevada City.

E. J. N. OTT.

SOCIAL EVENTS

Mrs. Preston Entertains "Newsies"

Mrs. Jennie Preston assisted by Mr. and Mrs. Ed Berger, entertained her "newsies" with a most delicious New Year's dinner of "turkey and all the trimmings." They were: Cleddeth Jones, Beverly Berry, Bobbie James, Billie Dent, Jimmie Hunter, and Miss Marjorie Cook, other guests were Clyde Cook, Edwin Berger, Jr., and Dale Berger.

Former Nevada City Girl Weds Colusa Man

Miss Anna McDowell and Clyde Coffman were married in San Francisco on Saturday, December 29th. Mrs. Coffman has been a teacher in the San Francisco schools for the past few years. She is a graduate of the Nevada City high school. The late Mrs. L. M. Sukeforth, of this city, was her aunt. Mr. Coffman is a resident of Colusa where he has agricultural interests.

They are former neighbors of the Meservey family out at Town Talk.

Two small boys presented with Christmas hatchets used them so enthusiastically and energetically that small Billy Lang got his hand in the way of his playmate5s chopping and had his index finger and end of a thumb amputated. Dr. B. W. Hummelt dressed the injury.

Mrs. C. E. Parsons, president of the Nevada City Woman's Civic Club, will attend the meeting of Superior California Woman's Club Presidents in Marysville tomorrow. Mrs. Parsons is the delegate from the local club and will offer some plans and suggestions to be sponsored by club women of the state.

Mr. and Mrs. Carl Fisher, former residents, now in business in San Jose, visited Nevada City friends recently, among them being Mr. and Mrs. Charles Guenther.

Attorney Robert Tharp spent the New Year's holidays with his sister Mrs. H. H. Willis in Woodland. Attorney Tharp celebrated his birthday which is on the first day of each new year at his sisters home.

The 17 month's old daughter of Mr. and Mrs. Carribean Orzalli was scalded when she pulled a kettle of hot water over on herself about three weeks ago. Her little hips and feet were severely burned. Dr. W. W. Reed is the attending physician and she is making a wonderful recovery.

Mr. and Mrs. W. F. Roddy, of Reno, motored over from Reno to spend the New Year's holiday in Nevada City. Mr. and Mrs. Roddy were New Year's dinner guests of Mr. and Mrs. C. E. Parsons.

Cecil Schiffner has returned from San Francisco where he spent the New Year's holidays with Mr. and Mrs. Milton Schiffner.

Joan Grant is confined to her home with illness and is greatly disappointed that she was unable to give the party she had planned last night. Friends had been invited, favors were made and games and refreshments planned and Miss Joan spent the time in bed.

Mrs. Joe Ceresito and sons, of Oakland, are spending the holidays in Nevada City with Mrs. Ceresito's parents, Mr. and Mrs. Karl Kopp.

Mr. and Mrs. Clemente Muscardini entertained at a most delicious dinner on New Year's day and had as guests Mr. and Mrs. U. S. Simmons, and son, Raymond, and friend all of Burlingame; Miss Ellen Curtis, of Sacramento; Mr. and Mrs. Larson Henwood and children, and Elisha Curtis. They made two trips up near the Ski course where they enjoyed snow sports in two feet of snow.

CAROL SINGERS AT TRINITY CHURCH SUNDAY NIGHT

The Grass Valley Carol Choir will end a very successful Christmas season in their forthcoming appearance at Trinity Episcopal church on Sunday night at 7:30. Many Nevada City people missed hearing this fine aggregation of some forty voices in their recent delayed appearance in Nevada City streets, and will grasp this opportunity of being present next Sunday night, January 6. It goes without saying that many who did hear them will wish to listen to the old favorite carols again. The auditorium of Trinity church is noted for its fine acoustic properties, and with a full congregation these artists will be heard to splendid advantage.

The Rev. Charles F. Washburn announces that the entire service will be given over for this musical treat, excepting for a short sermon.

The heartiest of welcome is extended to the public in general, with admonition to all to come early to secure seats.
